

*Support
the Blind Babies Program
at Miami Lighthouse*

Did you know?

- **The Miami Lighthouse Blind Babies Program** has tripled in size in just the past six years. The rate of blindness in newborns has increased dramatically as more preemies survive.
- We now serve nearly 100 blind babies and their parents every year.
- Normally, 80% of learning is visual. We give our blind babies the learning experiences they need to find out about the world.
- Babies learn through play – our twice-weekly Mothers' Play Days let them interact with each other this way.
- We train our littlest clients in pre-Braille so they will achieve literacy and success in school and in life.
- This is all possible **because of you and your support** for Miami Lighthouse.

Your gift of \$30 will cover the cost of one educational session for a mother and her blind baby.

How many blind babies can you help by giving the gift of educational empowerment?

*"Alone we can do so little;
together we can do so much."*

Helen Keller

MISSION STATEMENT

*To provide vision rehabilitation
and eye health services
that promote independence,
to educate professionals,
and to conduct research
in related fields.*
